

INJECTION MOULDING PRODUCTS

Stoner MOULDING HERITAGE

Since 1942 Stoner Molding Solutions have been known for superior performance and consistent quality.

Molders have come to rely on Stoner's world class service and expert solutions for the challenges facing their business.

The Early Years

In the 1950s Stoner was an early innovator of aerosol technology. In the 1960s Stoner's success with lubricants for rubber molding led to the development of release agents for thermoplastic injection. By the 1970s Stoner expanded into polyurethane molding solutions.

During the 1980s new cleaners and rust preventives were added and in the 1990s Stoner developed products for investment casting and melt spinning of polyester and nylon fiber.

Stoner Aerosol Solutions

Widely recognized as a leader in aerosol technology, Stoner manufactures molding solutions for the thermoplastics, polyurethanes, composites, rotational, rubber, fiber, and investment casting industries.

If you have not experienced the Stoner difference, please consider these reasons to switch. Stoner release agents yield better performance than any competitive product. With Stoner, your cost per released part will be lower than any competitive product, so you'll get "More Parts in Less Time." Plus Stoner releases have far less odor than economy brands. Your operators will like the change.

Stoner Expands its Offerings

In 2000 Stoner purchased Zip Molders Edge products and in 2006 acquired the Dwight Products Nix Stix line for polyurethane molding. In 2008 Stoner acquired the Releasomers line for rubber and rotational molding. In 2013 the TraSys brand for rubber and rotational molding was added and the Honey Wax and KantStik brands for composites molding were added in 2014. Stoner's brand portfolio now offers solutions for any molding process. If you can mold it, we can release it.

Stoner INJECTION MOULD CLEANER

Stoner Injection Moulding Cleaners are fast-acting, non-chlorinated solutions designed to quickly remove oil, wax, silicone, and grease. These cleaners ensure your moulding equipment remains clean and efficient, offering powerful cleaning without compromising safety or the environment.

Image	Product	Litres	Price
	Cut Non-Chlorinated Cleaner/Degreaser	Single Can Case of 12 Cans	\$20 \$200
	Precision Mould Cleaner	Single Can Case of 12 Cans	\$20 \$200
	Do It Right Starter Kit	2 x Cleaners and 2 x Rust Preventatives	\$100

Stoner INJECTION MOULD RELEASE

Experience seamless part ejection and extended mould life with Stoner's advanced injection release agents. Stoner's innovative formulations optimise production, reduce cycle times, and ensure high-quality finishes for every product.

Image	Product	Litres	Price
	E206 Silicone Mould Release FG	Single Can Case of 12 Cans	\$20 \$200
	E236 Urethane Mould Release	Single Can Case of 12 Cans	\$25 \$250
	E302 Rocket Release - Paintable - FG	Single Can Case of 12 Cans	\$20 \$200
	E342 Zero Stick Paintable - FG	Single Can Case of 12 Cans	\$25 \$250
	E408 Dry Film Mould Release Paintable	Single Can Case of 12 Cans	\$25 \$250
	Do It Right Release Kit	E206, E302, E342, E408	\$100

Stoner INJECTION MOULD PROTECTION

Ensure the longevity and performance of your moulds with Stoner's advanced rust preventative solutions. Stoner Rust Preventatives safeguard your moulds from corrosion, ensuring consistent performance and reducing maintenance costs.

Image	Product	Litres	Price
	A612 - Thin Film Rust Preventative - Short Term	Single Can Case of 12 Cans	\$20 \$200
	A677 - Heavy Duty Rust Preventative - Long Term	Single Can Case of 12 Cans	\$20 \$200
	Do It Right Starter Kit	2 x Cleaners and 2 x Rust Preventatives	\$100

Stoner INJECTION DO-IT-RIGHT KIT

These 8 Stoner products could solve 99% of the cleaning, releasing, and protecting challenges a fabricator face every day.

THE STONER INJECTION MOLDING DO-IT-RIGHT **STARTER** KIT CONTAINS:

2 x Cleaners and 2 x Rust Preventatives

THE STONER INJECTION MOLDING DO-IT-RIGHT **RELEASE** KIT CONTAINS:

E206, E302, E342, E408

MADE FOR INJECTION MOULDING

Discuss all things Injection Moulding and unpack what the Stoner range can do for injection moulders.
